

### INVESTMENT OBJECTIVE

REIF invests principally in new age, institutional-quality, multi-family rental apartments, purpose-built student accommodations, micro-units and co-living communities located in supply constrained markets across Canada. The Fund also strives to deliver a sector-leading impact and ESG-driven portfolio that is designed to enhance yields and total returns while future-proofing to ensure diversity and resiliency of income.

### GOAL

Provide a tax-efficient, stable, and growing income stream along with long-term capital appreciation, and limited correlation to public market volatility.

<sup>1</sup>The yield and all returns assume Series F units. The indicated returns are the historical annual compounded total returns reflecting changes in unit value and distributions. These returns are derived from unaudited financial information and are net of all REIF expenses, including general and administrative expenses, management fees, performance participation allocation, and share class specific fees, but exclude the impact of early purchase deductions on the repurchase of shares that have been outstanding for less than one year. The targeted distribution rate and total return received by a unit holder will differ based on the series of trust units in which a unit holder invests and the distribution reinvestment plan strategy that such unit holder elects to pursue. Past performance is historical and not a guarantee of future results. The expectations of the yield and returns is based on various assumptions and subject to certain risks, including those risk factors identified in the confidential offering memorandum of REIF, as amended or supplemented from time to time (Confidential Offering Memorandum). Performance is annualized except for periods of less than one year.

<sup>2</sup>Redemptions are subject to certain restrictions. Please see Confidential Offering Memorandum for full details.
